R&L Heating & Air can help you with any heating and air problem as well as diagnose your whole house and recommend solutions that will provide you and your family with the most energy efficient home possible.

HOME WARRANTY VS. REALCARE

Q. Do Home Warranty contracts come with loopholes.

A. Yes. You need to carefully read your home warranty service agreement to determine what is and isn't covered.

Home Warranty contracts often will not cover "Pre-existing" items. Nor are breakdowns that result from poor maintenance or improper installation(s) covered. The contract also may require that a system be upgraded to current building code standards -- at the homeowner's expense -- before it agrees to repairs.

REALCare Offers you:

- Safety Inspections
- System Checks
- Code Inspections
- Part Recalls
- Performance Upgrades
- Add-ons

If you've ever had a home warranty contract, then you know that there are a number of uncovered costs associated with home warranty policies.

With REALCare you won't have to worry about:

- Denied HVAC Claims
- HVAC Deductibles
- Delays In Service
- Expensive Maintenance Fees
- Expensive Service Charges
- Uncovered Items
- Lack of Personal Service

With REALCare, we guarantee that you won't have the problems that often occur with home warranty contracts due to service oversights. REALCare gives you the ability to maintain a low cost service plan.

CUSTOMER CARE ADVANTAGES

- Direct Personal Service
- Priority Scheduling
- Low Annual Fee
- Low Cost Service Fee
- No Deductibles
- Immediate Response
- No Delays in Service

HAS YOUR UTILITY BILLS GOT YOU SCARED?

SAVE MONEY

Reduce your fuel bills by maintaining and calibrating your equipment on a regular basis, the use of energy will be maximized, therefore keeping your fuel bills to a minimum.

EXTEND EQUIPMENT LIFE

Routine maintenance keeps your equipment in top operating condition. This prolongs its life, therefore lowering your annual cost of equipment.

MAXIMIZE SAFETY

Routine maintenance assures the safe operation of your equipment by correcting potential problems before they occur.
